

IN THE UNITED STATES PATENT AND TRADEMARK OFFICE

Applicant : Gerardo M. Castillo et al. Art Unit : 1615
 Serial No. : 10/684,178 Examiner : Unknown
 Filed : October 10, 2003
 Title : ISOLATION, PURIFICATION, AND SYNTHESIS OF PROCYANIDIN B2 AND USES THEREOF

Commissioner for Patents
 P.O. Box 1450
 Alexandria, VA 22313-1450

TRANSMITTAL LETTER

Transmitted herewith are an Information Disclosure Statement (2 pages); Form PTO-1449 (11 pages); Cited References (1 box containing 4 Volumes); and a return postcard for filing in connection with the above-captioned application

The Commissioner is hereby authorized to charge any additional fees that may be due in connection with this paper or with this application during its entire pendency to Deposit Account No. 06-1050. A duplicate of this sheet is enclosed.

Respectfully submitted,

Megha Bhumralkar

INFORMATION DISCLOSURE STATEMENT
IN ACCORDANCE WITH 37 C.F.R. 1.97-1.98

Dear Sir:

Because this Information Disclosure Statement is filed before the receipt of a First Office Action on the Merits for the above-captioned application a fee is not required. If no proper payment is enclosed herewith, as by a check being in the wrong amount, unsigned, post-dated, otherwise improper or informal, or even entirely missing, the Commissioner is authorized to charge the unpaid amount to Deposit Account No. 06-1050.

In accordance with the duty of disclosure imposed by 37 C.F.R. §1.56 to inform the Patent Office of all references known by Applicant or Applicant's representative that may be material to the examination of the subject application, Applicant's representative hereby provides this Information Disclosure Statement that is prepared in accordance with 37 C.F.R. §§1.97-1.98. Form PTO-1449 (11 pages) and hard copies of the Foreign Patent Documents and Other Art Documents are provided herewith in connection with the above-captioned application.

The documents cited on the Forms PTO-1449 are in the English language with the exception of Item BB. Item BB (Japanese Patent JP 1-151514) is in the Japanese language and is supplied with an English language Derwent Abstract (item CK). Hence, in accordance with the requirements of 37 C.F.R. 1.98, as amended effective March 16, 1992, no further explanation of the listed items is necessary.

Applicant also makes known to the Examiner the following pending U.S. applications that have one or more common inventors and/or are commonly owned:

Although these documents are made known to the Patent and Trademark Office in compliance with Applicant's duty of disclosure, such disclosure is not to be construed as an admission by Applicant or Applicant's representative that any of the references, singly or in any combination thereof, is effective as prior art against the subject application. In accordance with 37 C.F.R. 1.97(h), the filing of this Information Disclosure Statement shall not be construed to mean that a search has been made or that no other material information as defined in 37 C.F.R 1.56(b) exists.

Applicant respectfully requests that the Examiner review the foregoing references and they be made of record in the file history of the above-captioned application.

Respectfully submitted,
